

Nur**s**er**y**

After reading the book 'Owl Babies' we decided to get creative! The children used clay to make their very own model owl. We used a variety of different media to complete the overall look including feathers for wings, buttons for eyes and sticks for claws. In the playground we used torches to light up the dark space and investigate day and night!

In Maths we have been comparing amounts saying 'lots', 'more', 'same', 'more than', 'fewer than'.
