

Year 5

Maths : Measurements- We have been having a lot of fun during our learning, we learnt how to use the formula  $2x(L+W)$  to measure perimeter, we did not stop...we then used our knowledge to measure our ingredients to bake our shortbread for the 'Bake Off competition' and finally measured our Rowan tree growth at Forest school.

R.E-Transformation by the Holy Spirit. Our learning was about Saul's transformation to Paul. Our task was to appear in an interview programme on TV ,we had to speak for 2 minutes about how belief in the transforming power of the Spirit and the message expressed in Paul's letter by giving meaning and purpose to life. We wrote our own your script and gave examples from life.

Well done to Antonio and Muiyiwa for your illustrations of The conversion of Saul . Stella, Amy, Matthew, Antonio,Luciano and Akinwunmi Well done for not just performing but choosing the right set of questions and answers for the interview.

# Literacy-Reading- Retrieving information from the text to answer questions.

Well done Matthew and Iwinosa!
