

Reception

In maths this week, we have been looking at some first, then, now problems. At first we found them quite tricky but now we are experts!

Well done to Oreoluwa for putting your hand up so much this week and really trying your best!

Well done to Sofia S for completing some extra tricky first, then, now problems!

First	Then	Now

$$\boxed{5} + \boxed{} = \boxed{10}$$

In our Collective Worship sessions this week we have talked about how Jesus looks after us and keeps us safe, just like a shepherd looks after his sheep.

We created our own pictures of Jesus as a shepherd to remind us he is always there to look after us.

the fire is the Holy Spirit

Well done to Tariah for your super writing this week!

You have been trying so hard in your phonics lessons and now you can write so much more all by yourself!

Tariah has written:

The fire is the Holy Spirit. It is on the heads.
