

Topic

End of topic assessment

Without using the internet for help, design and produce a poster on the area in which you live. The poster is for younger children who may not know all the information about their local area. This poster will help to educate them on the local area in which they live in.

Things to consider:

- What is the county we live in?
- Where are we on a map of the UK?
- What is the name of the town where the school is?
- What landmarks are near to where we live? (draw pictures to illustrate the poster)
- Any other important information you think they should know.

Include your definitions of the following words: Country, county, landmark,
